## Chapter 1 by Pearl Solfer

A 15 year old girl by the name Audrey Moran, makes music, and gets adopted by a dating couple, and that couple are her musical inspirations, will she make it as a family member, or will she blow it.

## Chapter 2 by SaintSayaka

There were many concerns that the adoption agency raised about adopting a teenager. Much as they would be pleased to Audrey go to a good home after her rough start on life, it would be wrong to not warn the prospective parents. Mainly, there was a lot of talk on feelings of abandonment and general mistrust of the world, two of a thousand more examples of what could potentially go wrong with a child who had spent that much of her life in an orphanage.

They knew all of that, and yet, they still adopted her. Audrey couldn't help but take that as a good sign.

She wasn't quite she if she showed any signs of a troubled teenager, but she liked to think that it all stayed under the surface. She was moderately respectful to her parents. She had good

grades in school to compensate for her lack of friends. Her music was passionate and might even land her a scholarship in the future. Everything was going like a dream.
